

Is your novated
leasing or salary
packaging provider
hiding something?

It's easier to leaseplan

leaseplan.com.au/we-have-nothing-to-hide

Here are 5 things you should ask them:

- Do the fees and margins you negotiate for your staff creep up and up?
- Is the exact interest rate (not 'comparison' or 'indicative') shown on every quote?
- Do your employees end up with extras they don't want or need when they can't find the opt-out?
- Are healthy discounts passed on to your staff?
- Are consultants on commissions to sell extras to your employees or are they just there to help?

At LeasePlan we have no undisclosed commissions, no unwanted services and certainly no hidden fees. Just a straight up novated lease with no nasty surprises. The way it should be.

We're happy to be put to the test and compared to your current provider.
